

"I love that the scheme gives the graduates an opportunity to rotate around different business units. This enables us to gain a better understanding of how the business operates and what teams appeal to us in order to prepare for our final roles."

Lisa Kaigutha, Graduate

What experience will I gain during the Legal programme?

This is an opportunity to develop your legal knowledge within a real-world environment.

Over the course of two years, you'll complete your Professional Skills Course (PSC) training, learn from our experts, and gain valuable experience in stakeholder relationships and negotiations.

What kind of placements will I complete?

You'll join our Legal team on two-year fixed-term training contract starting in September 2024 or 2025.

During the programme you'll complete 4 and 6 month rotations throughout our business, on different sites. Placements could include Nuclear Operations, our European Pressurised Reactor (EPR) programme and either our Hinkley Point C or Sizewell C projects. You'll gain experience in a unique environment, build a network of contacts and create some amazing memories!

We have two key sites in Gloucester and London and we'll work with you to ensure you have the best exposure and experience spending time at our different locations. Wherever you go, you'll have mentors and industry experts to give you advice along the way and help you with decisions about your future career path.

During this programme you will be working towards completing your Training Contract. Our mentors and subject matter experts will give you advice along the way and help you with decisions about your future career.

Our supportive environment will enable you to thrive both personally and professionally and to pave the way for a successful and fulfilling legal career.

Please note that you will need to be eligible to obtain Security Clearance in order to be considered for this role.

Life at EDF

At EDF, Everyone's Welcome. It's a powerful statement of our intent to make sure we're about the people who work with us – a rich and unique mix of backgrounds and experiences that's vital to shaping a strong and fresh-thinking organisation like ours.

"The graduate scheme has provided me with an amazing support network, including my placement manager, line manager, chartership mentor and graduate buddy. It is amazing to have just the right person to talk to for any questions or advice."

Antonia, Graduate
